

# Kelly-Creswell Portable Series Model B4 Self Propelled, Double Line Striper

Model B4 is ideal for municipal center & edgeline marking and airport markings with lines up to 18" wide in a single pass.

High capacity 17 gallon paint tank for long line striping.

KC-593 series diaphragm operated striping guns

Pneumatic actuated front swivel wheel, locks for straight lines and unlocks for a turning radius of 10 feet.

Rugged KC frame, exclusive air actuated traction drive insures a consistent speed for accurate application of materials.

Operate one and you will understand why Kelly-Creswell is the name that has defined striping since 1937.

- Traction drive maintains constant speed of 2-5 mph
- Exclusive air curtains for sharp line edges.
- Operators riding trailer
- Simple air spray system
- Pressure cleaner system for automatic tip flush
- Customize with options to meet your specific needs
- Order PO-B4 for oil-based paints
- PO-B4-SS with stainless steel for latex paints
