

BP-20-40

The BP-20-40 shot blasting machine cleans steel and features modular construction that allows the machine to be dismantled and fit through a 24" manhole. The BP-20-40 has a 20" blast pattern, and a 40 horsepower electric motor, which results in superior cleaning performance. The BP-20-40 is the most powerful and most productive breakdown machine on the market.

Application:

The BP-20-40 is ideal for cleaning floors and roofs on oil storage tanks. When used in conjunction with the BP-9-54 Steel Dust Collector (not included), it is ideal for non-skid removal on ship decks.

Machine Specifications:

Power Requirements:	480v 3 phase
Travel Speed:	2.5-95 ft. / min.
Weight:	2360 lbs.
Dimensions w/DC:	64" x 27" x 93"
Dimensions w/o DC:	64" x 27" x 70"
*Production:	Up to 940sq. ft. / Hour
Blast Type:	SSPC-SP10 (Near white)
Surface Profile:	3 mils
Blast Wheel Power:	40 hp
Minimum Generator Required:	100 kw
Minimum Air Compressor Required:	185 cfm
