

BP-5-54

Dust Collector

The BP-5-54 is designed to accompany the BP-10 on medium-to-large jobs including industrial plant and warehouse floors, parking garages, and bridge or ship decks. The BP-5-54 operates on 460 V, 3-phase power. The BP-5-54 is based on a tried and true design, offering robust construction and industry leading productivity. When coupled with the BP-10 shot blasting unit, the BP-5-54 is a spectacular option for your surface preparation fleet without sacrificing quality, durability, and operator comfort.

SPECIFICATIONS

Blower Motor:	5 hp
Voltage:	460v, 3-phase, 60 hz
Amperage:	5.8 A
Power Cord:	55 ft.

FEATURES AND BENEFITS

- **Standard HEPA filter**
- **Reverse pulse filter cleaning**
- **Locking swivel casters**
- **Heavy duty blower housing**
