Part #: BT05-60006C  
•7" Metabo 6600rpm Grinder  
•Loop Handle  
•8 ft. length of hose  
•1 Convertible (hinged edge) Shroud Kit w/Adapters

### Magnet Broom

25" - BTP004335  
37" - BTP004337

### T-segment Diamond Cup Wheel

best for coating removal applications  
this is an effective wheel at a great price point  
Part #: BP-TTS0714PT

### Zec or Abrasive Disks

best for epoxy, carpet glue or mastic removal  
Disposable wheel at a low price yet extremely effective!  
Part #: BP-05-10700

### **Poly-Crystalline Diamond Wheels (a.k.a. PCD)**

Best production on epoxy, urethane, and other membrane removal applications hands down  
Limits time spent changing shorter life disks so you can keep working  
Part #: BP-PCD070S

### **12 Segment Diamond Cup Wheel**

for thinset removal this is an ideal choice because of the larger space between segments  
Aggressive qualities make this wheel great for knocking down high spots on a concrete surface  
Part #: BP-TCB0712PT

### **Full Shroud Kit**

basic full shroud for open area grinding  
Part #: BP-13600  
Compatible with Milwaukee, DeWalt, Metabo, etc.  
Components: dust shroud, 5 adapter rings, collar clamp to tighten shroud to grinder.

### **Convertible Shroud Kit**

convertible style allows you to flip up the side for grinding next to a wall, and back down again for open area grinding  
Part #: BP-13650  
Compatible with Milwaukee, DeWalt, Metabo, etc.  
Components: dust shroud, 5 adapter rings, collar clamp to tighten shroud to grinder.

### **Hand Magnet**

Part #: BP08400002

### **50 lb Bag of Shot**

### **Straight Tile Blades**

available from 4" to 24" wide  
8" - BTP-000834  
10" - BTP-000835 16.64  
12" - BTP-000836  
Contact us for pricing on additional sized blades.

### **EBE 500 Liners**

EBE-500-1030 Left Side Liner  
EBE-500-1035 Right Side Liner  
EBR-500-1040 Top Liner

### **24 Segment Diamond Cup Wheel**

for general purpose grinding. Light paint removal or cleaning a bare concrete surface  
Part #: BP-TCB0724PT
