

VIBRA STRIKE RATTLER

COILED AND READY TO STRIKE

The Rattler is a self-contained, gas-powered concrete vibrator that is simple to operate, even for a single worker. By integrating the powerful yet compact Robin engine, the Rattler eliminates the need for bulky backpacks, restrictive straps, and dedicated power sources. The result is an efficient and affordable vibrator that's instantly ready for any vertical form.

Comfortable shoulder strap included

Newly patented design generates high amplitude vibration at lower RPM's

Single operator design that's lightweight and easy to maneuver, eliminates backpacks and two man start up

The 1.5 Horsepower Robin engine has finely balanced rotating parts to give extra long life

Extremely durable, steel reinforced cable housing for extended life that stands up to day-in, day-out use

SPECIFICATIONS
