

VIBRA STRIKE I

THE ORIGINAL HORIZONTAL VIBRATING POWER SCREED

This original Vibra Strike I is ready to screed, wet or form to form. It's the only power screed with our patented Vibra Strike Horizontal Vibration to give you a honeycomb-free, first bull-float finish as fast as you can pour.

The 1.5 Horsepower Robin engine has finely balanced rotating parts to give extra long life

A rubber hand grip at the throttle control provides extra comfort for the operator

Megaflex Cable Housing and four 1-1/2", 40 durometer SBR rubber bushings for vibration isolation

Heat treated magnesium casting for high strength, durability and lighter weight

Walbro carburetor with advanced electronic ignition insures easy starting

The throttle control gives finger tip adjustment over vibration speed

The kick stand keeps the engine out of the concrete or off the ground when not in use

The vibrator has a DOM steel cylinder tubing insert that is precisely honed to house the bearings and drive shaft for extended life under extreme work conditions

The adjustable vibrator head allows the user to vary the amount of vibration to suit the concrete condition

SPECIFICATIONS

Weight	29 Pounds
Engine	Robin, 30.5cc, 2 Cycle, 1.5 Horsepower Gasoline-Powered
Frame	Cast Heat Treated Magnesium
Kickstand Bracket and Handle	Cast Heat Treated Magnesium
Eccentric	12L 14 Steel
Vibrating Head	Steel Lined Heat Treated Magnesium
